# **Mentoring and Befriending Project**

# Our aims

To promote social inclusion for the public benefit by preventing people from becoming socially excluded and assisting them to integrate into society.

To develop the capacity and skills of the disadvantaged minority ethnic individuals and communities of Norwich to support the fulfilment of potential and enable active involvement in society.

To contribute towards social and racial cohesion by building positive images and new connections among people of different backgrounds; thereby integrating marginalised people into the wider community.
